[PDF] **Extracting** precursor **rules** from time series-a classical statistical **viewpoint**
JBD Cabrera, RK Mehra - Proceedings of the Second SIAM International ..., 2002 - Citeseer
... Time Series - A Classical Statistical **Viewpoint** [... [18]). The main emphasis in these disciplines
has been in first **extracting** global models describing the evolution of the ensemble of the time
series, and then to infer relationships among the variables **using** these models. ...
